

EYFS Curriculum Newsletter September 2024

Autumn

Welcome to EYFS. I hope you all had a lovely summer. We have enjoyed hearing about your children's adventures. This newsletter will give you information about what we will be learning about this term.

Our Topic

This term our topics are **All About Me, farms and Autumn**
We will be learning more about ourselves, our families and the world in which we live. We will be basing our learning on a range of books, including *The Colour Monster*, *The Little Red Hen*, *Farmer Duck* and *Pumpkin Soup*.

Physical Development

We will be working on developing our gross and fine motor skills.

This includes-

Holding a pencil correctly

Making pattern formations such as zig zag, curves, circles in sand, shaving foam etc and then using a pencil

Early letter formation on sand, foam etc

Communication and Language

We are continually developing our speaking and listening skills through carpet and circle time activities. Children also have opportunity to take part in show and tell sessions. You will receive a timetable to show what children should bring in for each session – this may be a favourite toy, a photo from a special place.....

Maths

This half term we will be learning about key times of the day, class routines, use of positional language, matching, sorting and comparing amounts, comparing size, mass and capacity, exploring pattern and number and place value 0-3.

Literacy

We will begin learning our phonics sounds using the Read Write Inc programme. More information will be provided to parents on how we teach phonics and support you can give at home on **FRIDAY 20th SEPTEMBER at 2.30pm**

Children will be encouraged to mark make and begin emergent writing in all areas of the classroom.

P.E

Our P.E day will be **FRIDAYS**. We will aim to be outside for our P.E sessions as much as possible so please ensure children have kit in school for being outside in all weathers. This half term our PE will be Active Athletics, focusing on moving in a variety of ways in and out cones and obstacles and stopping on command. Children in nursery do not need to bring a PE kit, unless parents feel they would like their child to get changed

Understanding the World

This half term we will be learning about seasonal changes, especially autumn. We will be thinking about how we have changed from when we were a baby, where we fit in our families and talking about special times in our lives.

Expressive Art and Design

This half term we will be learning about colours and colour mixing in art, and learning about beat and tempo in music.

R.E

Our RE topic this half term is "Being Special; Where do I belong?" This topic introduces children to the Christian, Muslim and Hindu faiths through learning about how babies are welcomed into these faiths.

Personal, Social and Emotional Development

This half term is all about helping your child to settle into life at school and learning some of the expectations we have of them such as listening, sharing, and being a kind friend. Our topics will be Change and transitions, Being responsible and Feelings and emotions

Thank you for ensuring that school uniform is labelled – please can you continue to label all uniform, water bottles etc

Please can all children have a named pair of welly boots in school so we can get outside in all weathers.
