What matters to us!

Each week we will be bringing to you an issue that matters to us in school.

This week Charlotte and Ellie (Class 3) will be discussing playtime equipment. At Dishforth school our equipment is fun and enjoyable however we would appreciate some additional activities to use. We would like to have games and competitions at breaks and lunchtimes so that we are able to showcase what we know outside of school and the things that we enjoy. We would like to have more organised games such as shark tig.

We would like to have the netball court thirds to play different games such as hockey, we would also like some new hockey equipment. Finally, we would like an outdoor art club. We think this would be a great idea for a calm and fun activity in summer term.
